For more information, visit www.fgc.edu and your academic advisor.

Meta-major: **Arts, Humanities, Communication, and Design**

The **Multimedia Design C.C.C. (DMMD)** degree is a collegiate degree program consisting of lower-division courses where students learn the basic skills to create and adjust the content of multimedia presentations and projects. These include digital video production and editing, basic graphics creations, basic menu interface creation, design of basic animations, and application of design principles in to their projects.

After completing this program, students will have a strong knowledge of the skills and equipment needed to produce multimedia projects, enabling them to make an informed choice about their future education and career path.

This college credit certificate is embedded in, and can be completed as part of, the **Digital Media and Design, A.S.** program.

Note: Digital Media courses that are only offered in the fall semester are designated as "fall only." Digital Media courses that are only offered in the spring semester are designated as "spring only."
