Student Expectations

Attendance

Regular attendance is important for success in this course, especially because it is a face-to-face class where in-person discussions, activities, and explanations support your learning. However, I understand that many students have work schedules, family responsibilities, health issues, and other circumstances that may occasionally prevent them from attending class. **You will not be penalized solely for missing class.**

Instead, I ask that you stay in communication with me so I can support you and help you stay on track.

- If you reach **5 absences**, please plan to meet or correspond with me so we can discuss what's going on and develop a plan for moving forward. This conversation is not a punishment, it's simply a way for us to make sure you can still succeed in the course.
- It is your responsibility to **keep up with missed material**, including notes, assignments, and announcements. PowerPoints and other supplemental materials are in Canvas so you have access to them there.

My goal is to work with you, not against you. Life happens, and communication helps us navigate it together.

Courtesy and Student Conduct Code

Inappropriate, disruptive, and/or insulting behavior will not be tolerated in this class. If I feel that a student is acting in a manner not suiting the conduct guidelines in the student handbook, I will remove the student. This includes any online portion of the class; often times when students are posting on Canvas, they forget that actual people will be reading their comments. Remember to treat your peers with the respect that you wish to receive yourself. Peers are valuable tools in your education. I reserve the right to have a student withdrawn or to assign an early grade to any student enrolled in my courses.

Policy on Missed Exams and Coursework

I take assignment deadlines seriously in order to maintain fairness for all students who submit their work on time. I understand, however, that unexpected situations can occur. Each student may submit **one module assignment late per semester** *with prior permission* and **without a late penalty**. This exception must be requested **within 7 days** of the missed module via Canvas email. Requests made after 7 days will not be considered.

Late Work Details

- Unless covered by your one-time exception, **late assignments lose 10% per day**.
- The following assignment types **cannot** be submitted late under any circumstances:
 - **Exit Tickets** (under the one-time exception, the exit ticket will be marked excused so that it does not count against you)
 - **Extra credit assignments**

When To Contact Me About Late Work:

Students should contact me as soon as possible if an unforeseen, legitimate circumstance outside their control may cause them to miss a deadline (e.g., documented illness or medical emergency, family funeral, official athletic travel).

Students who expect to miss a deadline due to **personal travel or other optional commitments** must plan ahead and submit work early.

Technology and Access Expectations

Lack of internet access is **not** an acceptable excuse for late or missing work. It is the student's responsibility to ensure they have a way to submit assignments on time. Options include campus libraries, public Wi-Fi locations (public libraries, Panera, McDonald's, etc.), and the Canvas mobile app.

If Canvas is temporarily unavailable for everyone, I will adjust the due dates accordingly when it is back up.

If Canvas does not allow you to submit an assignment, you must email the file (PDF or .docx) from your **FGC Wolves email** to my FGC email account at **Denise.Johnson@fgc.edu**, including the module number and assignment title in the subject line.

Additional Course Policies

Plagiarism: The minimum penalty for intentional academic dishonesty on any assignment is a zero, and the student will not be able to revise the assignment. Examples of such dishonesty include—but are not limited to—the following:

- Passing off another entity's (person or AI) work as your own.
- Using another entity's (person or AI) ideas as your own without giving proper credit to the source.
- Paraphrasing another entity's (person or AI) writing and representing it as your own.
- Using your own writing from a previous class as assignment submissions in this course.

If you are tempted to plagiarize in this class, please come talk to me. Plagiarism generally occurs when students are overwhelmed, confused, or running out of time. We can work through all of these scenarios together, but I need you to reach out **BEFORE** the plagiarism occurs.

College Level Writing: All submitted work should demonstrate **college-level writing**. Unless an assignment specifically states otherwise (which is rare), responses must be written in **complete, well-developed sentences**. While it may be tempting to use one- or two-word answers on worksheets or similar assignments, doing so will not earn full credit.

Your writing should be **organized, coherent, and easy to follow**. For assignments requiring research, you must use **APA 7th edition formatting**, including in-text citations and a corresponding reference page.

If APA formatting is new to you, don't worry. This course includes helpful resources, and I am always available to support you as you learn and practice these skills.

Grading Policies (Student Performance Measures)

Learning Activities

Module Assignments (50%): These include video responses, discussion boards, activities, case studies, etc. These assignments are meant to reinforce learning for that module through guided practice and discussion.

Modality will vary based on the skills covered in that particular module. Note that case studies are worth more

in this category than regular module assignments.

Semester GLO Project (25%): This project involves two parts made up of four journal entries and a synthesis reflection. Each item is worth roughly 5% of your total grade in the course.

Course Final (5%): This reflection activity gets you to create an action plan utilizing the skills and knowledge you've learned over the course of the semester.

Quizzes (15%): There will be chapter reading quizzes throughout the course. These are open note, open book quizzes. You will get one attempt per quiz. Questions range between 10 and 20 questions depending on the chapter.

Exit tickets (5%): These short reflection activities will occur at the very end of most course modules; they are graded on completion.

Grading Scale

A – 90% - 100%

B – 80% - 89.9%

C – 70% - 79.9%

D – 60% - 69.9%

F – 59.9% or below

Returning Grades

I will grade most assignments within one week of the due date. For more expansive assignments, I will return them within two weeks. This gives me ample time to provide constructive, useful feedback to help you progress and grow as a student in this course.

Student Support and Tech Needs

This course requires students to have access to a computer and the internet. For those students who do not own a computer, computer labs are available on the FGC campus and in public libraries. Students without internet can come to the FGC campus, go to local public libraries, coffee shops, etc.

Minimal technical skills require for this course include the ability to use Microsoft Office products and navigate the Internet.

If you have any additional questions, please contact IT at 386-754-4408. You can also email the Florida Gateway College helpdesk at helpdesk@fgc.edu.

The SSC initiates student progress reports to the entire campus through EAB Navigate. EAB Navigate is an early-alert tool designed to identify students who may be susceptible to falling behind in their course before they actually do.

Twice during the semester, we provide instructors with the opportunity to ALERT students of their course progress. This is done through the FGC Wolves email account. Students may receive an email stating their success may be at risk in a specific course. If you receive this email, DO NOT PANIC. Please contact your instructor directly, your academic advisor, and the SSC. Your instructor's information is provided in the email.

Navigate Student is a mobile app designed to support students during their academic careers at FGC. Navigate Student is the ultimate student resource that acts as a personal advisor and provides students with the information they need, when they need it. Additionally, students may make an appointment with an advisor, view campus events, be alerted on important to-do's, view class schedules, explore their major, and much more.

Please do not allow yourself to struggle. We are here to help you achieve success. The mission of the SSC is to help encourage and promote your educational journey here at FGC and beyond.

Class Recording

A student shall not make a recording in class unless the recording is limited to the class lecture, and

1. the recording is made for the student's personal educational use,
2. in connection with a complaint to the college, or
3. as evidence in or in preparation for a criminal or civil proceeding.

Students are not permitted to record in class, through any means over any medium, any academic or other activity that is not a class lecture. A recording of any meeting or conversation between students, or between students and faculty, is strictly prohibited unless all parties have consented to such recording. A recording of a class lecture may not be published without the prior express written consent of the recorded faculty member.

Academic Appeal; Grievances; General Complaint

If a student wishes to file an academic appeal, grievance, or general complaint, please visit the college's website. Under Students and the Complaints & Appeals section (<https://www.fgc.edu/students/complaints-and-appeals/>), information regarding policy, procedure, and forms related to these topics is provided.

College Course Withdrawal and Drop Process

A course may be dropped only during the published add/drop period. After add/drop, students must withdrawal from their course. Please visit the [College Catalog](#) for more detailed information about the drop and withdrawal process.

Students are responsible for withdrawing by the published deadline. Students must allow sufficient time for the process to be completed. The fully approved withdrawal form is due to Registration & Records by 4:30 p.m. on the deadline posted on the [Academic Calendar](#) or it is considered late.

To withdraw from a course, the following steps must take place:

1. The student will log in to MyFGC and navigate to the Withdrawal form.
2. First, click the Student tab; next click Registration; and then click Course Withdrawal Form.
3. The student will enter the course information, the instructor's email address, and the advisor's name and email address. Once all information is entered, submit the form.
4. The form then routes directly to the instructor for approval and the last date of attendance. Once the instructor has completed their portion, the form will route to the advisor.
5. The advisor will complete their portion of the form and submit.
6. The form then routes to Registration & Records for processing. The student will receive an email notification to their FGC Wolves email account once this step is completed.
7. If the form is denied, the student will be notified by email and should contact the advisor with any questions.

Students are strongly encouraged to begin the withdrawal process the day before the withdrawal deadline to allow sufficient time for the process to be completed by all offices involved (Instructor, Advising Services, Financial Aid, Registration & Records).

It is the student's responsibility to understand all financial and academic implications of the withdrawal. Students are permitted a maximum of two (2) withdrawals per course. Upon the third attempt, a student must receive a grade for the course. Absence from class or merely notifying the professor does not constitute withdrawal. A student who stops attending class without withdrawing will receive a grade from the instructor.

Incompletes

Incomplete grades are reserved for students who are unable to complete a course and the withdrawal date has passed. A student should only be issued an incomplete if at least 75% of the course assignments have been submitted and the student can reasonably complete the remaining assignments within the first three weeks of the next term to earn a passing overall grade. Otherwise, students should be issued the earned letter grade in the course at the end of the current term.

The Incomplete Grade Request Form must be completed and submitted for approval by the FIRST day of Final Exams and BEFORE issuing the "I" grade. The instructor will describe the circumstances leading up to the requested "I" for the course, and list the missing assignments, quizzes, exams, and any other course requirements needed to satisfactorily complete the course within the first three weeks of the next term. The form must be signed by the instructor, student, and the Dean/Executive Director over the program. Once all participants have signed, an approval email will be sent to the instructor for authorization to assign the "I" grade.

Student Communication Standards

You are expected to communicate in a professional and respectful tone with the instructor and fellow classmates. All written communication (in email correspondence, discussion forums, assignments, quizzes and exams, etc.) must use proper written English. Please refrain from using online and texting abbreviations and language. Oral communications, if applicable, must be made with a respectful tone and body language. Use proper **netiquette** throughout!

Academic Honesty

At Florida Gateway College, we value the development of critical thinking, effective communication, and academic growth. To ensure fairness and uphold the principles of academic integrity, any instances of academic dishonesty (i.e., cheating, plagiarism, bribery, misrepresentation, fabrication, unauthorized use of AI technologies, etc.) are not permitted and will be dealt with severely. Students should make themselves aware of the student code of conduct found in the Student Handbook. We believe in your ability to think critically and develop your own unique perspectives. By adhering to these guidelines and committing to the principles of academic integrity, you will not only enhance your learning experience, but also foster an environment of trust and respect within our academic community.

Use of AI Technologies

The use of AI technologies to generate or assist in the creation and completion of assignments is strictly prohibited, unless explicitly allowed by the instructor as described in the course syllabus. It is your responsibility to read this thoroughly and carefully at the beginning of the semester.

Your assignments should reflect your own thoughts, analysis, and original work. Florida Gateway College employs the use of AI detection tools to assess the authenticity of your assignments. These tools are designed to identify instances of cheating and plagiarism, including the use of AI technologies. Any submissions that violate this policy will be subject to disciplinary action. If you have any questions or concerns regarding the use of AI technologies in your courses, please review your course syllabus or reach out to your instructor for clarification.

Honorlock Statement

Florida Gateway College has partnered with Honorlock, an online testing proctoring service. If off-campus remote proctoring is required during any course, Honorlock will be the online proctoring service that allows you to take your exam. You DO NOT need to create an account, download software or schedule an appointment in advance. Honorlock is available 24/7 and all that is needed is a computer, a working webcam, and a stable Internet connection.

To get started, you will need to download the Honorlock Chrome Extension using Google Chrome. You can download the extension on the Honorlock website (www.honorlock.com/install/extension/). When you are ready to test, log into the LMS, go to your course, and click on your exam. Clicking Launch Proctoring will begin the Honorlock authentication process, where you will take a picture of yourself, show your ID, and complete a scan of your room. Honorlock will be recording your exam session by webcam as well as recording your screen. Honorlock also has an integrity algorithm that can detect search-engine use, so please do not attempt to search for answers, even if it's on a secondary device.

Honorlock support is available 24/7/365. If you encounter any issues, you may contact Honorlock by live chat, by phone at 844-243-2500, and/or by email at support@honorlock.com.

If you encounter a Canvas issue, please contact Canvas via the Canvas Help menu or by clicking the Canvas Support link within your course(s).

Turnitin Statement

Instructors may require writing assignments to be submitted to Turnitin when uploaded to Canvas. Turnitin is an internet-based service that looks for similarities and potential plagiarism by comparing your assignment submissions with its massive database of student work (including previous student submissions at Florida Gateway College), the Internet, and its entire archive, books, and journal and reference publications. Turnitin generates a **similarity report**, which can help you and your instructor determine whether you used sources fairly and ethically, cited correctly, and paraphrased effectively.

You are encouraged to submit your written work to Turnitin prior to assignment deadlines, whether through Canvas or **Draft Coach**. If needed, that would allow you time to review the **library's research and help guides** or seek writing assistance from your instructor or a tutor in the Student Success Center.
