Financial Support Data
EADA Report

Florida Gateway College
September 17, 2024

Any coeducational institution of higher education that participates in Title IV, the federal student aid program, and has an intercollegiate athletics program, must comply with the EADA by preparing an annual report, officially called The Report on Athletic Program Participation Rates and Financial Support Data; more commonly known as the EADA Report. The EADA Report must be published by October 15 each year and must be made available upon request to students, prospective students, and the public. A prospective student is defined as an individual who has contacted an eligible institution requesting information concerning admission to that institution.
