The [Teacher Education Assistance for College and Higher Education \(TEACH\) Grant](#) program was created to provide grand funds to undergraduate students who agree to serve for a minimum of 4-years as a full-time “highly qualified” teachers in high-need fields in a public or nonprofit private elementary or secondary schools that serve students from low-income families.

The U.S. Department of Education defines ‘high need’ fields for the purposes of TEACH Grant program eligibility as *Mathematics, Science, Foreign Language, Bilingual Education and English Language Acquisition, Special Education and Reading Specialist*.

The TEACH Grant provides up to a maximum yearly amount of \$4,000 in grants (\$16,000 total for an entire undergraduate program) for full-time students. Due to the Budget Control Act of 2011 that resulted in federal sequestration, the maximum annual amount received will be reduced. See below for guidance for the 24-25 reduced grant amounts:

Impacted Program	Statutory Award	Reduction Percentage	Dollar Reduction	Adjusted Award
TEACH Grants first disbursed on or after 10/1/2020 and before 10/1/2025	\$4,000.00	5.70%	\$228.00	\$3,772.00

The Office of Financial Aid at Florida Gateway College strongly recommends that this grant be considered only by students who plan to teach a high-need subject in a designated low-income school after graduation. This teaching obligation must be completed in a public or nonprofit elementary or secondary school that is eligible for Title 1 assistance. If the 4-year teaching obligation is not met within 8-years of graduation, the grant will convert to an unsubsidized loan, which will have to be repaid with interest calculated back to the date the funds were disbursed.

The chart below shows an example of the interest charged and repayment amounts for a student who received \$16,000 of TEACH Grant funds and failed to meet the service obligation of the program.

	Converted loan with paid interest.	Converted loan with unpaid interest, capitalized.
