### **OVERVIEW**

### **HISTORY**

Florida Gateway College traces its growth from 1947 when the Columbia Forestry School opened on a former World War II naval air station. In 1949, it became the State Forest Ranger School of the University of Florida and remained so for more than a decade. In 1961, the state of Florida created Lake City Junior College and Forest Ranger School, and the College became one of 28 two-year institutions envisioned in the state's master plan. In those early days, Lake City Junior College served fewer than 400 students. The college then became Lake City Community College in 1970, emphasizing the importance to support the region the college serves. The next evolution of the college occurred in 2010, when the College became eligible to offer baccalaureate degrees and was renamed Florida Gateway College.

Now a public college serving approximately 4,500 students annually, the College's district encompasses five North Central Florida counties: Baker, Columbia, Dixie, Gilchrist, and Union. This nearly 2,700 square mile district is twice the size of the state of Rhode Island. The College district is situated midway between the Atlantic Ocean and the Gulf of Mexico, and is predominantly rural. The region around the College is commonly referred to as "Florida's Crown" or the "Gateway to Florida."

Florida Gateway College offers baccalaureate and associate degrees, as well as opportunities in diverse occupational programs designed to strengthen the district's workforce. The College maintains its commitment to providing excellent postsecondary educational opportunities to North Central Florida while maintaining an "open-door" admission policy. New programs are added as needed to meet local industry and employer needs, and student support services are continually improved to meet the needs of the College's students.

### **UPDATES - 2023**

Florida Gateway College completed the assessment of its 2017-2022 Strategic Plan. Work on the development of the next Strategic Plan has begun. The rapidly changing education environment in Florida and the nation will be the guide for our college's future. Flexible strategies necessary to maintain our ability to remain a top-tier institution in our region will weigh heavily in decisions for the future as we engage the campus and our community in forging a path for the next five years.

In concert with the development of the 2023-2028 Strategic Plan, the college will be ramping up the activities associated with our Fifth-Year Report to our accreditor, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).

The college concluded its 75<sup>th</sup> Anniversary celebration with a glamorous Gala in May 2023. We look forward to the years and decades ahead as we strive to continue meeting the challenges and needs of our students and community.

### PRESIDENT'S ASPIRATIONAL GOALS 2017-2023

### **Executive Summary**

Florida Gateway College had 10 aspirational goals that were tracked concurrently with the 2017-2023 Strategic Plan goals. These aspirational goals are summarized with their final result below.

- Aspirational Goal 1 Increase retention rate for first-time full-time students to 69%. The baseline was 65% and the final result was 67%. While some progress was made in this area COVID-19 presented a problem for many of our enrollment based aspirational goals.
- Aspirational Goal 2 Increase overall fall-to-fall retention rates to 60%. The original baseline was at 56% but due to IPEDS error the actual baseline was 60% which is also the final result for fall-to-fall retention rate, thus the goal has been met.
- Aspirational Goal 3 Increase graduation rate to 65%. The baseline was 41% and the final result is 64% falling just shy of the original goal yet still a milestone achievement for Florida Gateway College.
- Aspirational Goal 4 Increase unduplicated headcount enrollment to 5,800 per year. The baseline was 4,594. The final headcount was 4,168. The headcount was increasing on-target to meet or be close to the goal but enrollment suffered due to the COVID-19 Pandemic.
- Aspirational Goal 5 Increase FTE enrollment to 2,500 annualized. Baseline was 2,178 with the final result being 1,993. FTE saw a decrease due to COVID-19 Pandemic.
- Aspirational Goal 6 Increase the number of full-time faculty by 15%. The baseline was 65 full-time faculty, the final result was 74, a single faculty position shy of achieving the goal.
- Aspirational Goal 7 Increase assets of the Foundation for Florida Gateway College to over 22 million dollars. The baseline was 14.8 million dollars with the final result being 23 million dollars surpassing the target goal of 22 million.
- Aspiration Goal 8 Expand the number of Bachelor Degree Programs offered to 5. Baseline was 3 programs and final progress was 4 bachelor degree programs. Plans for the B.S. in Business Administration was placed on hold due to various factors falling short by 1 degree program.
- Aspirational Goal 9 Expand the number of academic programs offered entirely through distance learning to thirteen. The baseline was 7 with the original goal to be 8 but was revised to 13 once target was achieved. Final progress is 12 programs are now available in their entirety via distance learning.
- Aspirational Goal 10 Florida Gateway College will be nationally recognized as a premier learning institute that nurtures a high level of student success and instructional quality. (IE— Aspen Institute, Chronicle of Higher Education). FGC was selected as a Top 150 College and invited to apply to the Aspen Prize for 2023. Although FGC did not make the list of top-finalists, our performance metrics rated as high as or higher than several colleges who did make the final round. There is a solid chance that we will make the Top 150 in the next awards competition.

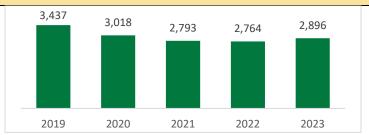

Overall, Florida Gateway College demonstrated significant progress towards achieving its strategic and aspirational goals, with notable achievements in all areas. FGC's commitment to continuous improvement resulted in the reaffirmation of accreditation by SACSCOC in 2020 and Florida Gateway College being named one of the Top 150 U.S. Community Colleges in 2021 and 2023, recognizing its high achievement and efforts in providing superior instruction.

The Public Service Training Center at Olustee serves as FGC's main Public Service Training site, and is home to the College's Emergency Medical Services, Commercial Driving, Fire Fighter, Law Enforcement and Corrections programs.

The Public Safety Center West the site served as additional space for the College's Basic Corrections training program, and as needed for college and community events in 2022. It is in the process of being renovated to support the new women's flag football program and a college childcare center for students and employees.

The FGC Dixie and Gilchrist Centers offer:

- Information on FGC Programs and Enrollment processes
- Test proctoring
- Adult Education Program (Dixie Center)
- Computer lab and Printing for currently enrolled FGC students
- Study areas
- Limited facility use for non-FGC students

The Columbia Correctional Institution Annex is used as an instructional site for incarcerated students participating in the Second Chance Pell program.

In addition to the above, two district high schools have been approved as sites by SACSCOC to offer more than 50% of an accredited program at that location:

# SECTION 13. FOUNDATION FOR FLORIDA GATEWAY COLLEGE, INC.

The Foundation for Florida Gateway College is a private, not-for-profit organization that exists solely to provide financial support for Florida Gateway College and the students it serves. Funds are raised to provide student scholarships, purchase equipment and teaching resources, and to grant other needed support.

The Foundation for Florida Gateway College was founded in 1969 by a dedicated group of community volunteers who sought to raise private funds to support the College. Since inception, more than \$20,000,000 has been expended to support FGC and students.

The Foundation is governed by a volunteer Executive Board of Directors who use their time and talents to assist the college in fulfilling its mission. In addition to the Executive Board, community volunteers also serve on the following committees: Finance/Audit, Planned Gifts and Gift Acceptance/Property.

Gifts to the Foundation are tax deductible to the fullest extent allowed by law.

A variety of privately funded scholarships are available and are administered by the Florida Gateway College Office of Financial Aid. For more information contact the financial aid office at 386-754-4282.

# **GLOSSARY OF TERMS**

Definitions are taken from the Glossary of the Florida College System Fact Book or current Florida Statutes.

#### Academic Year (AY)

Statistics in this Fact Book follow the Florida Department of Education definition of the academic year—beginning with the Summer term and ending with the Spring term. (e.g. AY 2019-20 would be Summer 2019, Fall 2019, and Spring 2020.)

## Accountability

A process whereby data-based measures are used to provide information on institutional performance.

## Advanced and Professional (A&P)

A program area with courses designed to provide the first two years of course work leading to an advanced or professional degree, including general education and specialized lower division courses to complete a transfer degree. It does not include college preparatory or non-college credit courses.

#### Associate in Arts Degree (AA)

Two-year degree program designed to transfer to a four-year institution. Florida has a statewide articulation agreement between the Florida College System and the State University System.

#### > Associate in Science Degree (AS)

Programs of instruction consisting of college-level courses to prepare students for entry into employment. Two-year technical degree that contains 15-18 credit hours of transferable general education.

#### Associate in Applied Science Degree (AAS)

Programs of instruction consisting of college-level courses designed to prepare students for employment in a technical occupation. Generally, this is a two-year technical degree for students who do not want to pursue education beyond and associate's level.

#### Applied Technology Diploma (ATD)

Courses that are part of an A.S. or A.A.S. degree and lead to employment in a specific occupation. An A.T.D. may consist of either vocational or college credit.

# Bachelor of Science Degree (BS)

A four-year degree typically involving a technical or workforce related field of study.

#### Bachelor of Applied Science Degree (BAS)

A four-year degree designed to accommodate the unique demands for entry and advancement within specific workforce sectors.

# Bachelor of Science Degree in Nursing (BSN)

A four-year degree in Nursing.

#### Career Certificate

A Career Certificate program consists of a series of vocational courses that prepare students for entry level employment in specific career fields. Programs can vary greatly in length.

# College Credit

The type of credit assigned to courses or course-equivalent learning that is part of an organized and specified college degree or college credit certificate program.

#### College Credit Certificate

Short-term career education program which is part of an AS degree.

# > College Preparatory Instruction (CP or College Prep)

See Developmental Education.

# Community College and Technical Center Management Information Systems (CCTCMIS)

Bureau within the FLDOE which maintains data collection systems for the Florida College System, serving 28 college campuses.

# Completer

A student who finishes a planned sequence of courses or competencies designed to meet an academic or vocational occupational objective and has met all of the requirements of the institution for program completion.

## Continuing Workforce Education (CWE)

The classification of instruction designed to improve job skills of employed persons. It may be tailored to a given employer and job (customized) or it may have broader applicability. CWE programs are not funded in 2014-15.

#### Course Success Rate

Percentage of students achieving a "C" or better in a course.

## Developmental Education (DevEd)

Instruction through which a high school graduate who applies for any college credit program may attain the communication and computation skills necessary to successfully complete college credit instruction.

#### Dual Enrollment (DE)

Enrollment of an eligible secondary student or home education student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. *Note: By IPEDS definition, dual enrollment students are not considered degree-seeking.* 

# Educator Preparation Institute (EPI)

Instructional institute located at self-selected postsecondary institutions, including community colleges, upon approval by the Department of Education in order to provide any or all of the following instruction: professional development for teachers for classroom improvement and for recertification purposes, training for substitute teachers, paraprofessional instruction, and competency-based instruction for baccalaureate degree holders leading to professional teacher certification. Educator Preparation Institutes provide an alternate route to teacher certification for mid-career professionals and college graduates who were not education majors.

# > First Time in College (FTIC)

A student attending a college for the first time who has no credit toward a degree or formal award from any other institution who is enrolled in a course in an instructional area leading to a degree or certificate.

# Florida Education and Training Placement Information Program (FETPIP)

Provides placement information about graduates.

#### Full-Time Student (FT)

Any student enrolled for 12 semester credits during the fall or spring terms, or 24 or more contact hours/week for clock hour programs.

# > Full-Time Equivalent (FTE) Enrollment

Student semester hours divided by 30 for advanced and professional, postsecondary vocational instruction, and developmental education. For all other instruction, instructional clock hours divided by 900 hours.

#### Graduation Rate

Graduation rates measure the percentage of first-time, full-time undergraduate students who complete their program at the same institution within a specified period of time. FGC typically uses 150% of normal time to completion when calculating graduation rates.

#### Integrated Postsecondary Education Data System (IPEDS)

A Federal Education data system.

#### Lower Division

College attendees at the freshman and sophomore level.

## Non-degree Seeking Student

A student enrolled in courses for credit who has not declared that he/she is seeking a degree or formal award.

#### Nonresident

A student who is not a Florida resident and must pay the full tuition fees.

#### Occupational Credit

The type of credit assigned to courses or course equivalent learning that is part of an organized and specified career certificate program.

#### Part-Time Student (PT)

A student who is enrolled in less than 12 semester credits during the fall or spring terms, or less than 24 contact hours/week for clock hour programs.

# PK-20 Education Reporting and Accessibility (PERA)

Bureau within the Accountability, Reporting, and Measurement (ARM) Division of the Florida Department of Education.

# Postsecondary Adult Vocational (PSAV)

Job preparatory programs, excluding CWE, through which a student receives a vocational certificate (PSAVC) upon completion of instruction.

#### Postsecondary Vocational Certificate (PSV or PSVC)

College credit job preparatory programs, through which a student receives an AS or AAS degree, college credit certificate (PSVC), or Applied Technology Diploma (ATD) upon completion of instruction.

#### Resident for Tuition Purposes

A student who is a Florida resident and has maintained that residency for at least one year, and therefore not responsible for the payment of nonresident tuition fees.

#### Retention Rate

The retention rate is the percentage of full-time first-time degree/certificate-seeking students from the previous fall who either re-enrolled or successfully completed their program by the current fall. *Note: IPEDS does not report our retention rate due to the "2+2" nature of Florida Colleges. FGC derives an IPEDS retention rate noted in this Fact Book from a special report produced by the FLDOE (PERA) group. Program retention rates are from FLDOE accountability reports.* 

#### Unduplicated Headcount

A count of the number of students enrolled in a specific period (i.e., semester, academic year) with each individual student counted once. Enrollment figures for a single term are unduplicated unless otherwise noted (as in the case of program enrollments—students may be enrolled in multiple programs in a single term).

#### > Upper-Division

College attendees at the junior and senior level.

> Vocational Credit See Occupational Credit.
